### Safety Officer's Report – Jon Spargo

Since hot weather is still with us we need to remind everybody to keep themselves hydrated and drink lots of water. Also, don't forget to put on some sun block.

There has been one request for a new member orientation. Usually we pick up a couple of new members at open house. Therefore, Jon will schedule a new member orientation as soon as he can after open house.

It appears that a lot of our air hoses, particularly the larger ones, have been taking a real beating lately. One in particular showed some worrisome cracks near the connectors at each end. That one has been taken out of service and will be repaired. However, given the use and failure mode I ask that you thoroughly inspect the full lengths of these hoses before you use them.

### Open House - Dr. Mike Hartshorne

There was a detailed discussion regarding everything about the open house on 9/23/17.
